DR. RECOMMENDED OPTIONS for your pet

SURGERY CARE OPTIONS

Pulse Oximetry Monitoring- \$15.00

-Allows the Doctor to maintain the level of oxygen in your pets blood to better monitor anesthesia.

Pre-Anesthetic Blood Work- \$144.00

-Allows the Doctor to evaluate your pets organs to make sure they are in the best health for surgery (optional until age 7, then required for all animals).

IV Catheter/Fluids- \$64.00

-Allows the Doctor to maintain better perfusion of the blood, making the anesthesia safer.

SQ Fluids- \$12.00

-Fluids to help keep blood volume up and maintain hydration.

Antibiotic Injection- \$7.00

-Prevents infection.

AFTER SURGERY CARE OPTIONS

Antibiotics (for home)- \$24.00

-Required if the incision is red and inflamed. Recommend for declaws to prevent infection.

Pain Medication (for home)- \$15.00

-Needed to reduce your pet's desire to lick and chew the incision.

Sedative- \$12.00

-Prevents your pet from excessive exercise after surgery to prevent problems with the incision.

E-Collar- \$14.00

Heartworm Prevention- \$

-This medication prevents your dog from getting heartworms (which cause heart failure) and intestinal worms.

TREATMENTS

Ear mite Treatment- \$24.00

-This is to treat for a bug that can live in the ear of an animal and cause pain, discomfort, and ear infections.

Fluoride Treatment- \$6.00

-Helps strengthen teeth to prevent decay. It is best if applied while your pet is asleep.

Fecal Float- \$12.00

-Looks for intestinal worms.

SERVICES

Nail Trim (only under anesthesia)- \$6.00

Nail Trim (without anesthesia)- \$9.00

Microchip- \$52.00

-This very small computer chip is placed under your pet's skin, allowing them to be identified if lost or stolen.

Deworming (Pyrantal Pam)- \$7.00

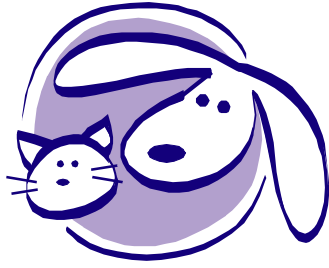

-Treats intestinal parasites. Highly recommended for pets that are thin and feral animals to prevent spread of parasites.

Heartworm/Tick Fever/Lyme Test- \$ 36.00

-Test for common diseases in dogs, here in Arizona that can cause death, and may complicate our ability to perform surgery.

Felv/FIV Test- \$36.00

-Test for feline (cat) leukemia and FIV (Kitty AIDS Virus). These are common in feral cats and may affect their life span and other diseases.
